

# Welcome on our Internet Site

You found our site in the huge world wide web. Congratulations, because you will not find a lot of useful things on this page besides the information about the members of the Tischer family. The domain name "einfach-tischer.de" can be translated to "simply tischer", so maybe this site is just too simple for you. The domain name tischer.tk might be simply more inviting for you. The most simple way to find out is to look around here. For this, feel free to use the navigation menu on the top right.

Have a lot of fun.
